Judges' Decision Final Drive at Your Own Risk Good Luck! Have Fun!

Rules:

- Each participant will write their name and address on the chance sheet and then mark an X on each of the five numbers that they believe will be the first five numbers blown out of the bingo machine.
- In the event that there are more correct sets of numbers than there are prizes, then each participant with a correct set of numbers will have a numbered bingo ball assigned to their name. Those bingo balls will be placed in the bingo machine and the first ball out will be the first prize winner. The second ball out is the second prize winner, third ball is third prize winner, and fourth ball is the fourth prize winner.
- In the event that there are not enough participants with the correct set of numbers, then the remaining prizes will be determined by the bingo machine (following the same procedure as in paragraph 2) using the names of those participants with four correct numbers.
- Kelvington Trailblazers Winterspirit Committee decision is final.
